## ONBOARDING ACCÉLERATOR PROGRAM

◆ Career Success Through Effective Speaking ◆

**Help new employees hit the ground running  
with improved communication skills - and confidence!**

Do hiring managers ever tell you:

*“I'd really like to hire these candidates. Their technical credentials are excellent, but I'm concerned about their communication skills and ability to function productively in a team setting.”*

Poor English communication skills can undermine a new employee's:

- ◆ path to productivity
- ◆ ability to integrate into their group as well as the company
- ◆ confidence in their abilities

Effective English communication skills will result in:

- ◆ alignment with company goals and image
- ◆ increased confidence, resulting in deeper engagement
- ◆ improved productivity
- ◆ enhanced teamwork and collaboration

Accent Language Services can help **managers** build a strong foundation for new hires, and help **recruiters** solidify more job placements by *accelerating* candidates' career readiness.

Our intensive **Onboarding Accelerator Programs** include oral communication skills, ESL, and accent reduction. These specialized courses are custom-tailored to address the specific needs of each new hire from day one!
